# Prefaces

**3S** is an ever-evolving market leader that strives to retain its premium position in the industry through constant innovation, pro-active marketing and prompt after-sales service. Settings standards and surpassing them is something that comes habitually to us. **3S** has been expanding its market, penetrating deeper & deeper into existing markets. **3S** has been further delighting its customers and winning their confidence, creating brand equity, which is the envy of the entire industry. At **3S**, the pursuit of excellence is a never-ending process.

Our success, in large part, is based on a business philosophy that values quality products and services, fiscal independence and long-term customer relationship.

**We pride ourselves in providing excellent quality products & services and commitment to satisfaction.**

In its narrow sense, quality means product and service excellence. The quality attitude has percolated top down to the lowest levels in such a deeply ingrained manner that excellence has become a habit with everyone at **3S**.

We believe quality goes beyond the products and services. For us, it is the common currency of dealing with everyone – be it customers, channel partners, colleagues, or the community at large.

## **QUALITY CREDO**

**Quality is a matter of Choice rather than Chance**

# OUR VISION

To persistently pursue rejuvenation and success, driven by the needs of our customers and aspiring to become the most admired company in our industry. Our success will be the result of understanding our client's requirement and exceeding their expectations, innovating to meet their needs and providing a dynamic and challenging work environment that presents opportunities for our employees.

# OUR MISSION

To provide our customers peace of mind by delivering unparalleled products & services and improve the quality of peoples' lives through timely introduction of meaningful technological innovations.

# CUSTOMER RELATIONSHIP

We know the importance of long-term relationships, therefore, we believe in developing and fostering partnerships that are mutually beneficial. **3S** has always been, and will continue to be, a customer focused company. We view our success as dependent on our customers' success, both now and in the future. Our solutions help our customers reduce cost, lower risk and grow revenue. We stand behind our products with unlimited technical support. In short, our goal is to help our customers achieve a competitive advantage by providing solutions that return superior business results.

We represent renowned national & international companies in offering a wide range of solutions to cater to the specific requirement of customer. We also take turnkey contracts to provide **highly optimized customized solutions** in line with the requirement and budget to the entire satisfaction of our clients

In a short span of time, we have earned the trust of many Associations/ organizations and Individuals for their respective requirements. The products are certified and approved by competent authorities for use in their respective domains.

Providing reliable, quality and efficient services to our clients is our paramount concern. To live up to our clients' expectations we have a sound technical and managerial base. A professionally managed company, **3S** consists of a Consortium of Professionals, specialized in various kinds of fields like technical, marketing, after sales service & client relationship management.
